Summary

I'm Osaro Lawani, a web developer proficient in react.js, with a strong focus on building dynamic and interactive web applications. As a 300 level student at Babcock University, studying computer science with a specialization with a specialization in information systems, I am deeply passionate about frontend development and also possess versatile backend capabilities

Skills

HTML5, CSS, JavaScript, ReactJS, Git, Firebase, MongoDB, Node.js, Express.js

Experience

HNG | Lagos State, Ikeja

Web Developer Intern | 09/2023 - 10/2023

As a frontend web developer, I leveraged my react expertise to craft an engaging movie search website. My skills in building responsive user interfaces, managing state efficiently, and integrating API calls ensured a seamless and dynamic user experience. I prioritized clean code and intuitive design to enhance the site's usability and overall visual appeal.

Courses

- Operating Systems, Babcock University
